WORK EXPERIENCE

Independent Operations & Sales & Content Creation | Self-Employed

2020 – 2025

- Managed daily front-end operations and customer service in retail and supply environments, including grocery and aluminum sectors.
- Handled inventory tracking, supplier communication, and direct sales transactions while resolving customer queries efficiently.
- Demonstrated strong adaptability, time management, and resilience in physically demanding, high-pressure work environments.

Content Creator & Page Manager | Arabi Coder (Instagram)

- Founded and managed the "Arabic Coder" Instagram page, creating and curating high-quality educational content focused on programming and technology.
- Engaged actively with a growing community of tech enthusiasts, answering queries, and fostering an interactive learning environment.
- Developed visual and textual content to simplify complex technical and coding concepts for the Arabic-speaking community.

Volunteering Experience

Technical Peer Mentor

- Delivered peer-to-peer technical lectures and study sessions to support fellow cybersecurity students in programming and core concepts.
- Community Volunteer:

Actively participated in multiple development and awareness campaigns both inside and outside the university campus.

SKILLS
